Hi-Res Audio Streamer

ASR001

SKU: 156202    UPC: 195893478101

## Wiim Mini WiFi Music Streamer

- Turn any audio gear smart - Ultimate audio streamer with Hi-Res audio and wireless multi-room/multi-channel streaming
- The new mini will pop up automatically on the WiiM Home app. With the in-app guide, the device could be setup in less than 2 minutes.
- The WiiM Mini is a small and extremely versatile network player, ideal for converting a conventional audio system into a connected system. It will allow you to stream your music remotely via WiFi, Airplay 2 or Bluetooth 5.2.

## Airplay2

WiiM Mini integrated Apple Airplay2, not only lets you easily stream music from your Apple devices, but also adds the ability to stream music to multiple audio devices all at the same time.

## Works With Your Voice Assistant

Voice control is very popular now and many people use it daily. Amazon Alexa and Apple Siri are among the best in voice assistant. WiiM Mini is a works with Alexa and works with Siri device, so you can easily control the device by speaking to it.

## Multiroom

Multiroom is always a must have in home audio system. For WiiM Mini we have 3 different multiroom method for you to use. If you mainly use Apple products, you can use Airplay2 to achieve multiroom steaming. If you have Amazon devices, you can use AVS Multiroom. We also provide our own multiroom function in our APP for you to use with our devices.

## Multi Audio Sources

There is many famous online music that you might use daily, like Spotify, Tidal, Qobuz, Deezer, Amazon Music, Napster, Tuneln, vtuner & iHeartRadio. We are happy to tell you that these are all supported with WiiM Mini to stream wirelessly to your speakers. If you want to connect other audio device in your home to WiiM Mini, we have Aux-in and Optical input for you to use.

## High Res Audio

High-Res audio has been very common lately, many online music services started to provide high-res audio to users, but not many streaming devices are capable to stream such music. WiiM Mini is one of the few that is capable to stream high-res 24bit/192Khz music wirelessly while being the most cost-effective device.

## Spotify Connect & Tidal Connect

You can stream music directly from any software that support **Spotify connect** or **Tidal Connect**. Without using our WiiM Home app.

## All Music In One App

Listen to your favorite music services and online radios all in one app.

## Super easy setup

The new mini will pop up automatically on the WiiM Home app. With the in-app guide, the device could be setup in less than 2 minutes.
