6.5" All-Weather Speaker - White

AW6500WH

SKU: 151168 UPC: 93207057342

Bringing great audio quality outside has always been tricky. The Definitive Technology AW 6500 puts worry about sound quality and speaker resilience to rest with fully sealed speakers that perform wonderfully rain or shine.

Features

- Fully sealed design provides indoor speaker sound for the great outdoors
- Active driver pressure-coupled to racetrack Planar Low Bass Radiator for rich low end
- Rugged PolyStone - enclosures ensure a great performance even in the elements
- Galvanized steel mounting brackets give 360-degree placement flexibility
