1-Gang Hinged Bullnose Wallplate

WP9001-WH

SKU: 8537 UPC: 804428067061

The Bullnose Wall Plate is a unique cable management solution. Its hinged design provides four distinct configurations for flexible routing of low voltage cables inside the wall?just turn and snap the scoop for your preferred setup.

Features:

- Conceals cables inside the wall behind flat panel TV, amplifier, or other audio/video devices
- Hinged scoop allows for flexible routing of low voltage cables into and out of the wall
- Ideal for cables with large A/V connectors
- Conceals up to six cables
- Available in Black, Light Almond
