

# SONOS

6.5" In-Ceiling Speaker Pair by Sonance

INCLGWW1

SKU: 159969    UPC: 878269007647

Sonos Architectural speakers make it easy to bring premium sound to virtually any space. Designed and tuned in collaboration with Sonance, these speakers offer natural, room-filling sound with discreet installation. Maximize your system's potential by powering these speakers with Sonos Amp. Our WiFi-enabled amplifier provides unique benefits like optimized tunings, overdrive protection, and Trueplay™ technology, tailoring the speaker's sound to the unique acoustics of your space. A single Amp can efficiently and effectively power up to three pairs of Sonos passive speakers. When paired with Amp, Sonos Architectural speakers combine the aesthetics of installed solutions with superior fidelity and convenient wireless control.
