

IQ Hardwire 16-F w/ Small Enclosure

QS7133-840

SKU: 23672    UPC: 857497008039

The IQ Hardwire 16-F (Small Enclosure) offers a cost effective way of integrating hardwired security & smoke detector zones with the IQ Panel 2/2+. It includes a small enclosure designed to be mounted in an existing can, backup battery charging, 500mA of 12volt auxiliary power, an onboard siren relay, built-in status LED's for each zone and support for up to 10 two-wire smoke detectors. Normally Open and Normally Closed contacts are supported as well as powered zones like motion sensors and glass break detectors.
