## PowerG Wireless Carbon Monoxide Detector

PG9933

SKU: 22970    UPC: 88030615

The PowerG Wireless Carbon Monoxide Detector provides early warning, to protect people from the silent threat of carbon monoxide poisoning.

With a quick installation process and just a few holes to drill, the PowerG Wireless Carbon Monoxide Detector reduces time onsite, enabling increased productivity and revenue.

### Features

- Provides early warning of carbon monoxide poisoning, before potentially dangerous levels are reached
- Ensures reliable performance, with robust, industry-leading PowerG commercial grade wireless technology
- Precisely detects CO gas levels with sophisticated electrochemical sensing technology
- Alerts people onsite by triggering the built-in 85db alarm buzzer and large flashing LED light when CO is detected
- Extends value and performance with a long-life lithium battery, included
