

20" Plastic Enclosure w/ Trim & Hinged Door

ENP2050-NA

SKU: 62354 UPC: 80442843385

Integrate wireless devices into a traditional structured wiring system without sacrificing signal range by housing components in the On-Q/Legrand Plastic Enclosure (No Cover). Unlike standard metal enclosures that inhibit signal range this lightweight ABS plastic enclosure features "wireless transparency" to minimize interference for any wireless device such as a wireless access point (WAP) or router. The On-Q/Legrand Plastic Enclosure features a universal mounting grid within allowing you to mount video voice data distribution and other structured wiring modules from various manufacturers. The enclosure surface-mounts or mounts flush to the stud bay and both the enclosure and door (sold separately) are optionally paintable to match the homes interior. Contents: Plastic Enclosure. NOTES: Hinged door and trim not included. Used with On-Q Plastic Enclosures (ENP2060-NA ENP3060-NA and ENP4260-NA). ENPxxxx-NA models are not backward compatible with previous ENPxxxx models. Specified for non-fire rated walls. COMPLETE TECHNICAL DETAILS - ENCLOSURE & HINGED DOOR: Product Dimensions: 20-Inch: 5.77(D) x 21.77(H) x 17.1(W) inches (104 x 552.9 x 434.3 mm). Listing Agencies/Third-Party Certifications: UL 985 Household Fire-Warning System Units.

Features

- Wireless transparent ABS plastic minimizes wireless signal interference
