

SONY

4K HDR Laser Home Theater Projector w/ Native 4K SXRD Panel - White

VPL-XW6000ES/W

SKU: 149757 UPC: 14730212

Enjoy bolder, crisper entertainment with up to 2,500 lumens of brightness, generated by a long-lasting laser light source, for vibrant images even on a large screen. Immerse oneself in an incredibly lifelike picture with native 4K that offers 8.3 million pixels (3,840 x 2,160). With an all-new 0.61-inch SXRD panel, enjoy high brightness, inky blacks, vibrant colors, rich tones and textures, plus clear cinematic motion and image smoothness.

Features

- Up to 2,500 lumens of brightness, generated by a long-lasting laser light source, for vibrant images even on a large screen.
- All-new Native 4K SXRD panel provides full 4K resolution with 3,840 x 2,160
- Flagship-level X1™ Ultimate for projector brings you the best of Sony's image processing
- Ultra-pure and reliable laser light source, which lets the viewer enjoy perfectly clear 4K pictures at optimal brightness for up to 20,000 uninterrupted hours.
- All-new Advanced Crisp-Focused (ACF) Lens
- See over a billion colors come to life with TRILUMINOS PRO. Our unique TRILUMINOS PRO algorithm can detect color from saturation, hue, and brightness to reproduce natural shades in every detail.
- Enjoy spectacular brightness and stunning realism, thanks to new Wide Dynamic Range Optics that achieve a 95% DCI-P3 wide color gamut and up to 2,500-lumen high brightness.
- Our new Wide Dynamic Range Optics contribute to a compact design with better light control by maximizing the potential of the laser light source. The resulting higher color volume means naturally colorful images, even at high brightness levels, and stunning, immersive contrast.
- Picture Position Memory stores the settings. Lens focus, zoom, and shift settings for up to five screen formats can be stored for easy recall.
- This laser projector is about 20% smaller in volume and about 30% lighter than the VPL-VW915ES—with a new modern exterior designed to blend into any room
