

**Single Port Gigabit PoE/PoE+ Injector
30W**

XPE-2500

SKU: 17689 UPC: 729440674496

The Single Port PoE+ (Power Over Ethernet) Injector delivers both data and electrical power to PoE enabled devices using standard Ethernet cable. This eliminates the need to place devices (i.e. Wireless access points) near a power outlet, allowing for greater installation flexibility, while also reducing installation and labor costs. PoE enabled devices may be placed up to 328 feet (100 meters) away from the POE Injector. Power Cord included in this kit. Your Ethernet cable is required.

Use the XPE-2500 to:

- Supply up to 30W of power to your PoE/PoE+ enabled devices, such as IP Cameras, APs, Phones, etc.
- Deliver data and power over a single Ethernet cable
- Simplify your installation

Features

- Complies with IEEE 802.3af/at standards
- Provide 10/100/1000Mbps connection rates
- Simple “plug and play” installation
- Delivers both data and power over a single Ethernet cable
- Green design, low power consumption
- Power Overload Protection
- 100-240 AC wide-range voltage input, 51V DC output voltage
- Compact size for ease of installation
- Delivers data up to 330' (100 meters) away
