PowerG Wireless Glass Break Detector

PG9922

SKU: 19699 UPC: 88030479

With this exceptionally smart detector, you get immediate notification of a broken window or glass door. Its unique detection capabilities deliver unprecedented dependability, identifying sounds that other detectors might miss – without the hassle of false alarms.

This added layer of advanced security for the exterior of your home or business lets you take quick action to protect your property, prevent damage to contents, and avoid unnecessary costs.

Features

- Cutting-edge glass break detection technology delivers near-zero false alarm rate
- Acoustic pattern recognition technology provides 360-degree coverage
- 25 ft. maximum detection range for plate, tempered, laminated, wired, coated and sealed insulating glass
- A single detector can protect rooms of up to 32.7 x 39.4 sq. ft.
- Battery life up to 5 years with typical use
- Configured from the keypad – no need to re-open the detector once closed
- Low battery indication
- Compatible with PowerSeries Neo, PowerSeries Pro and Qolsys panels
- FCC/IC UL/ULC Certified
- Uses 3V Lithium CR-123 battery Panasonic or GP only (lasts about 5 years)
- Dimensions: 3.5" x 2.4" x 1.2"
