

Wireless Hardware Module Enclosure Kit

TAKE-ENCL

SKU: 145642 UPC: 09386314837

The 2GIG® Wireless Hardwire Takeover Module and Enclosure Kit (2GIG-TAKE-ENCL) provides installers with an easy method for taking over a prewired security alarm system and converting the existing hardwired zones to wireless zones. To ensure optimal performance with the 2GIG Control Panel, the kit provides an ABS Plastic enclosure (UL 94: V-0) to protect the kit's components. The enclosure houses up to three (3) Super Switch Takeover Modules (2GIG-TAKE-345 or or 2GIGTAKE1E-345) and the Power Supply Board with backup battery charging circuit. It also includes a space for placing a suitable backup battery.

Features

Power Supply Board with a battery backup charging unit
 Grounded plug-in transformer with LED indicator for power supervision
 ABS Plastic wall-mounted enclosure meets UL 94: V-0 Flammability Standards
 Kit includes: ABS Plastic Enclosure (UL 94: V-0), 12/24 VDC Power Supply Board, 16.5 VAC 50 VA Grounded Plug-in Transformer, and Mounting Hardware

Material and Certification	ABS Plastic UL 94: V-0
Dimensions	11.5 x 12.5 x 4 in (29.2 x 31.8 x 10.2 cm)
Input	16.5VAC, 20VA
Output	12/24 VDC
Supervision	Low battery and AC fail supervision for "C" contacts (1 amp @ 28VDC)
Battery Backup	Built-in charger for sealed lead or gel type batteries, automatic switch over to stand-by when AC fails
Visual Indicators	AC input and DC output LED indicators
Primary	120VAC 60Hz
Secondary	16.5VAC 40VA
LED Indicator	Supervises Power
Primary Termination	2 Male Blades
Secondary Termination	2 #6-32 Screw Terminals
