Introducing the Elura OUT6.5B70 6.5" 70V Outdoor Speaker, designed to deliver exceptional audio performance in outdoor environments. Built with durability and weather resistance in mind, this speaker is perfect for bringing high-quality sound to your outdoor spaces, such as patios, gardens, and pool areas.

The Elura OUT6.5B70 features a 6.5" woofer and a 1" tweeter, delivering a balanced and immersive audio experience. With its 70V transformer, this speaker is compatible with 70V distributed audio systems, making it ideal for commercial installations or larger outdoor setups. Experience crystal-clear sound reproduction and robust performance that enhances your outdoor entertainment.

Designed to withstand the elements, the OUT6.5B70 is built with weather-resistant materials, allowing it to handle various outdoor conditions. The rugged construction ensures durability and long-lasting performance, so you can enjoy your outdoor audio system for years to come. Whether it's rain or shine, this speaker is ready to deliver impressive sound quality without compromise.

"These speakers sound too good for the money" has become the mantra of what our Elura Black Label line represents. Black Label is Elura's entry point into HiFi home audio. Elura Black Label will sonically outperform most speakers that are over twice their price. The same strict standards that are applied to the Elura premium offerings are present in the design and performance of the Black Label series.
