

Small THINSTALL In-Wall Swing Arm Accessory for TS218SU and TS118SU

TA502

SKU: 38271 UPC: 841872156163

Designed to take an already thin swing arm to a zero depth design.

Compatible with:

- TS218SU
- TS118SU

Note, the box height dimension with trim is 18.85". To completely cover the in-wall box, be sure to confirm your display height is larger than 18.85".

- Large conduit and gang knock-outs for easier cable integration compatible with [metal single gang boxes](#)
- Takes the already ultra-thin THINSTALL™ swing arms and gives a flush appearance while still allowing great mobility of the swing arm
- Includes black trim kit to create clean design
- Can be installed with the bracket on the left or right side of the box for desired screen positioning
- TAA compliant
