

T1-B+ Remote Control

10-210503-12

SKU: 65937 UPC: 810065000000

The T1-B+ is the third generation of RTI's popular T1 universal system controller, now featuring the RTI dual RF platform and backlit buttons. The T1-B+ allows all other factory remote controls to be combined into one simple, ergonomic user interface providing powerful one-handed system control. Featuring a sleek new industrial design and perfect assortment of keypad buttons for commonly used functions, the T1-B+ can operate today's sophisticated media system, no matter how complex, at an affordable price.

Features

- Dual RF transmission capability uses 433MHz and 2.4GHz (utilizing Zigbee technology).
- Comfortable ergonomic design permits effortless, one-handed operation.
- Eight source and four general purpose assignable/programmable keypad buttons with interchangeable key labels - Laser Shark compatible.
- Forty assignable/programmable backlit keypad buttons.
- Capable of transmitting IR and RF from a single button press.
- Completely customizable and programmable.
- Optional modules/processors for voltage sensing (to monitor power status of equipment) and RS-232 control.
- System includes a Lithium-Ion Battery and a docking station.
- USB Programming.

Specifications:

Power	3.6 VDC, 950 mAh Lithium-Ion Battery Pack
Power Management	Automatic On/Off (tilt switch)
Infrared Control Range	30 feet (9.1 meters) @ 60 degrees
Infrared Frequency Range	15kHz - 460kHz
RF Control Range	Up to 100 feet (30.5 meters)
RF Carrier	802.15.4 @ 2.4Ghz (Zigbee technology) and 433MHz

Battery Charge Time	3-4 Hours
Communications	USB programming port
Dimensions (L x W x D)	10.0 in (254mm) x 1.9 in (48mm) x .9 in (23mm)
Enclosure	High-impact molded ABS plastic
Weight	7 oz. (200g) with battery pack
Warranty	One Year (Parts & Labor) / 90 days on the battery
