

Caseta Wireless In-Wall Dimmer - White

PD-6WCL-WH

SKU: 804 UPC: 784276071987

Original Smart Dimmer Switch - Smart dimmer to replace 1 hardwired switch.

The Caséta family of dimmers, switches, and fan controls can be controlled directly and remotely when paired with Pico remote controls providing a system that delivers convenience and ease of installation.

Caséta dimmers, switches, and fan controls use Lutron patented Clear Connect RF Technology which enables wireless communication with Pico remote controls, Caséta motion sensors, and the Lutron Smart Hub and Smart Hub PRO (formerly Smart Bridge and Smart Bridge PRO).

Features

- 1 hardwired in-wall smart dimmer (not rated for low voltage lighting such as certain track lighting or landscape lighting)
- Adjusts brightness levels, and turns wired lights on and off
- Can control up to 17 bulbs (based on 8.5W LED bulb, 60 W incandescent equivalent)
- Works with 150W dimmable LED/CFL or 600W incandescent/halogen bulbs
- Use Pico remote for multi-location — 2 or more switches controlling a set of lights (Pico sold separately)
- Claro wallplate and wall mount kit sold separately
- Available in white, ivory, light almond and black
