

4 MP Outdoor IR Network Bullet Camera

ECI-B14F2

SKU: 17477 UPC: 842571119497

Watch over your property with the ECI-B14F2 4MP Outdoor Network Bullet Camera with Night Vision from Hikvision. Equipped with a 4MP CMOS sensor and a 2.8mm fixed lens, the ECI-B14F2 captures video at resolutions up to 2560 x 1440 at 20 fps in a 100 x 55 degree field of view. The camera has an IR cut filter and EXIR 2.0 IR LEDs for night vision with an effective range of up to 100. Image enhancement features including a 120 dB wide dynamic range, white balance, and backlight compensation enable you to capture clear images in varying lighting conditions.

Designed for easy setup, the ECI-B14F2 uses PoE technology, enabling you to run just one wire for both data and power. Moreover, it is IP67 rated for weather resistance. ONVIF compliance ensures compatibility with a wide range of surveillance equipment.

Features

- Color images down to 0.15 lux at f/2.0 with AGC on
- EXIR 2.0 IR technology for night vision up to 100
- IR cut filter for day and night vision
- H.265+, H.265, H.264+, H.264, and MJPEG video compression for efficient storage and bandwidth use
- Camera pivots from 0 to 360 degree horizontally and from 0 to 180 degree vertically
- 0 to 360 degree rotation
- 120 dB wide dynamic range
- Automatic gain control
- Backlight compensation
- 3D digital noise reduction
- Mirroring
- Privacy masking
- Password protection
- PoE technology for easy, clutter-free installation
- IP67 rated for outdoor use
- Durable metal housing
- cSA, FCC, CE, and UL certified
