SKU: 159930    UPC: 840136800002

## Experience Immersive Audio with the Sonos Arc Premium Smart Soundbar

Introducing the Sonos Arc Premium Smart Soundbar: Elevate the audio experience to new heights.

Discover unparalleled sound quality and cutting-edge technology with the Sonos Arc Premium Smart Soundbar. Designed to immerse the listener in a world of cinematic audio, this sleek and stylish soundbar is the ultimate addition to any home entertainment setup.

Featuring advanced Dolby Atmos technology, the Sonos Arc delivers multidimensional audio that fills the room with clarity, depth, and richness. Whether watching movies, streaming music, or gaming, the Sonos Arc creates an immersive soundstage that brings content to life like never before.

With its sleek design, the Sonos Arc seamlessly blends into any home decor, adding a touch of elegance to your entertainment space. The soundbar's minimalist profile doesn't compromise on performance, housing 11 high-performance drivers that deliver crystal-clear dialogue, impressive bass, and dynamic audio across all frequencies.

Setting up the Sonos Arc is a breeze, thanks to its wireless connectivity and compatibility with the existing smart home ecosystem. Control the soundbar with voice through popular virtual assistants like Amazon Alexa and Google Assistant, or use the Sonos app for intuitive control over audio settings and streaming preferences.

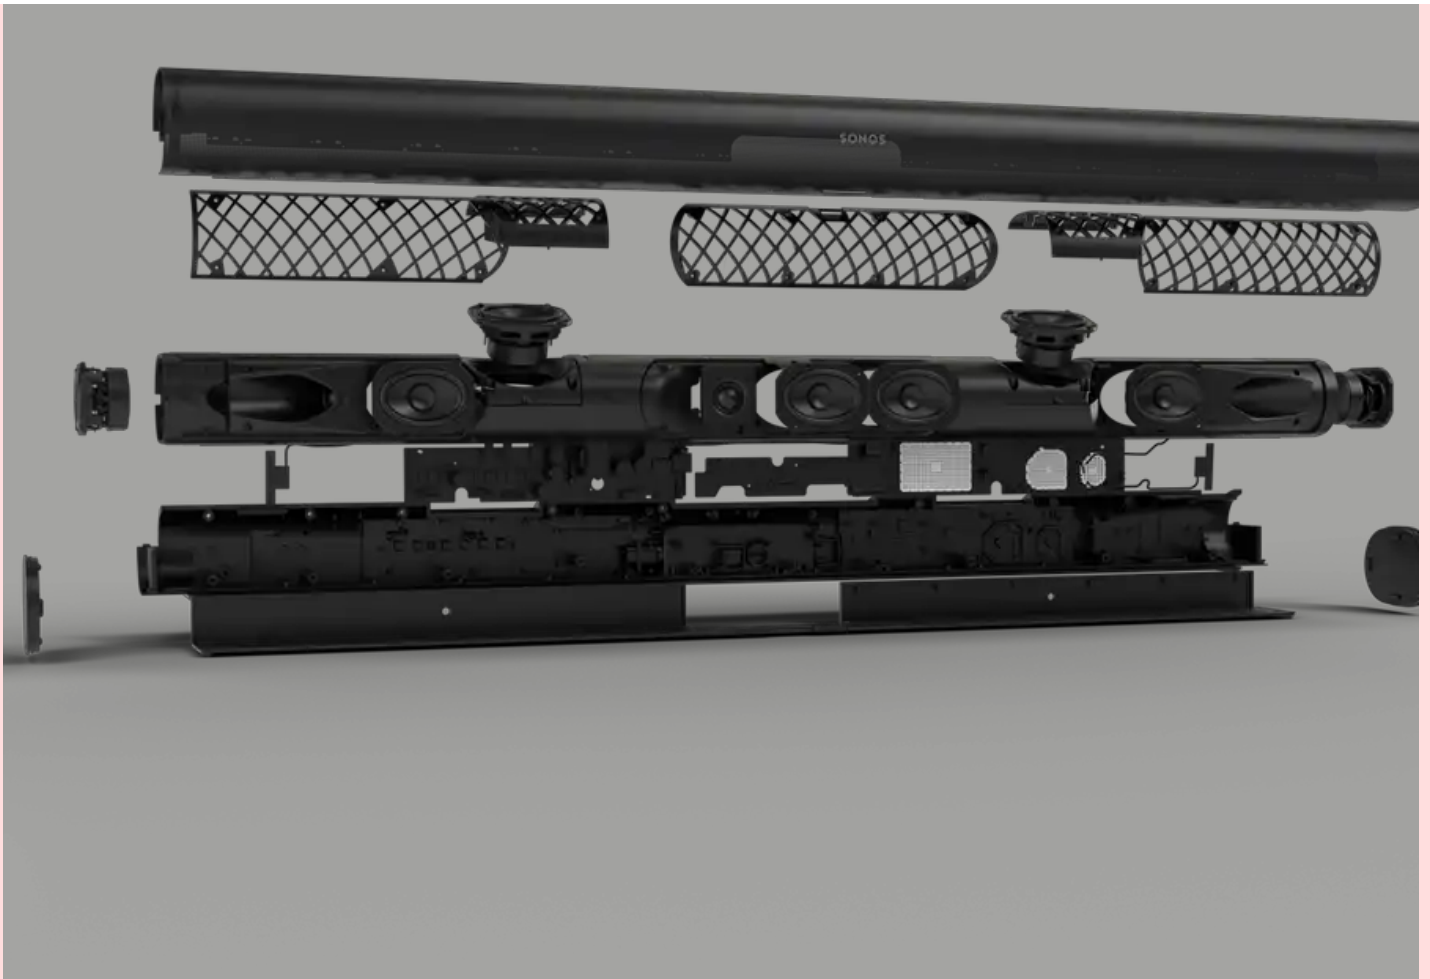

Immerse oneself in a world of sound with the Sonos Arc Premium Smart Soundbar. Elevate the home entertainment experience with unparalleled audio quality, sleek design, and seamless integration into a smart home ecosystem. Order now and embark on a new era of immersive entertainment.

### Features

- 3D sound with Dolby Atmos technology
- Eleven high-performance drivers for rich bass and clear dialogue
- Stream music and more even when the TV is off
- Voice control with Google Assistant and Amazon Alexa voice services
- Simple connection to the TV using HDMI eARC
- Works with Apple AirPlay 2 software

### Surround oneself in the story

Dolby Atmos maps sounds in space for a 3D effect so the listeners experience planes as if they're flying overhead, hear footsteps moving across the room, and feel the score all around them.

### Heighten the home theater experience

Featuring eleven precisely engineered internal speakers, including two dedicated height channels, Arc fires sound in all directions, rendering every whisper, explosion, and beat with dramatic clarity, detail, and depth.

### Tuned to perfection

Trueplay tuning technology adapts the sound for the unique acoustics of the room and calibrates the height channels for precise localization. So the content always sounds just the way it should and reaches the ears at the exact right moment.

Amplifier(s)	11 Class-D digital amplifiers have been perfectly tuned to the soundbar's unique acoustic architecture.
Tweeters	Three precisely angled silk-dome tweeters create crisp high frequencies and crystal clear dialogue.
Midwoofers	Eight elliptical woofers ensure faithful playback of mid-range and vocal frequencies plus impressive bass.
Microphones	The far-field microphone array uses advanced beamforming and multi-channel echo cancellation for quick and accurate voice control.
Adjustable EQ	Via the Sonos app (adjust bass, treble, and loudness to optimize sound performance)
Trueplay	This software measures the acoustics of the room then fine-tunes the soundbar. Supported iOS device required.

<b>Speech Enhancement</b>	Turn this setting on in the Sonos app to boost voice frequencies and clarify dialogue.
<b>Night Sound</b>	Turn this setting on in the Sonos app to reduce the intensity of loud sounds and increase the level of quieter sounds.
<b>Home Theater Audio Formats</b>	Stereo PCM, Dolby Digital, Dolby Digital Plus, Dolby Atmos (Dolby Digital Plus), Dolby Atmos*, Dolby TrueHD*, Dolby Atmos (True HD)*, Multichannel PCM*, Dolby Multichannel PCM*, DTS Digital Surround** (*HDMI eARC connection required. **This is not an indication of a licensed decoder.) The Sonos app's Now Playing screen will display what type of audio is being decoded.
<b>Controls</b>	Use the capacitive touch controls on the product (play, pause, skip, replay, adjust the volume, turn off mic and more)
<b>Voice</b>	Works with Sonos Voice Control, Amazon Alexa, and Google Assistant
<b>Wi-Fi</b>	Compatible with any 802.11b/g/n 2.4 GHz WiFi network
<b>Ethernet</b>	10/100 port for hardwiring to your router
<b>HDMI eArc</b>	Connect to your TV's HDMI eARC/ARC port with the included HDMI cable. If your TV has an optical output only, use the included Sonos Optical Audio Adapter.
<b>Apple AirPlay 2</b>	Works with AirPlay 2 on Apple devices iOS 11.4 and higher
<b>Infrared (IR) Receiver</b>	Syncs the soundbar with your TV remote for streamlined control
<b>CPU</b>	Quad Core 1.4 GHz A-53
<b>Memory</b>	1GB SDRAM 4GB NV
<b>Color</b>	<a href="#">ARCG1US1BLK</a> - Black with Black Grille <a href="#">ARCG1US1</a> - White with White Grille
<b>Power Supply</b>	100-240V 50/60Hz internal power supply
