Ring Alarm Security Kit, 8 Piece 2nd Generation - Protect 4 windows or doors, add motion detection to 1 hallway or room, and control it all from the Ring app. Cover areas like the front door, bedrooms or the living room

When armed, the Ring Alarm Security Kit sends notifications to your phone and tablet whenever doors or windows open and when motion is detected at home. It's fully customizable and expands to fit any house or apartment. Protect 4 windows or doors, add motion detection to 1 hallway and control it all from the Ring app. Cover areas like the front door, bedrooms or the living room.

### Features

- Get notifications when doors or windows are opened or when motion is detected at your home when the system is armed
- Monitor your home from any iOS or Android device
- Control your entire home security from one simple app
- Easy setup with no tools or professional installation required
- 24-hour backup battery power and 104-decibel siren
