SKU: 25080    UPC: 842571000000

The Hikvision Network Fisheye Camera provides high definition output. It supports H.265+ video compression, which assures savings in bandwidth and storage. The camera is capable of providing a 360° panoramic image of the surveillance environment, and supports up to 18 live view display modes. These are designed for 3 mount types and 2 decoding modes, and provide a wide range of panoramic display options. The Fisheye camera is equipped with a 12 MP lens, and has an IR range of up to 50 ft (15 m). In addition to the standard behavior analysis and exception detection smart features included in the other devices found in this series, these Fisheye cameras support advanced heat map and intersection analysis based on deep-learning technology.
