AC1200 WiFi Bridge + Range Extender

P40

SKU: 17661 UPC: 655003921076

Luxuls P40 AC1200 WiFi Bridge + Range Extender offers a simple option for extending the reach of your wireless network. It can be used either as a bridge link for directly connecting Ethernet devices to your WiFi network or as a range extender for providing WiFi coverage to those hard-to-reach dead spots. Designed to plug discreetly into an electrical outlet, it is well suited for use in both home and small office environments. The P40 implements 802.11ac technology, delivering up to 1200Mbps (up to 300Mbps 2.4G or 867Mbps 5G) speeds and is also compatible with 802.11a/b/g/n/ac devices.

Features

- Extend the wireless signal inside your home or office using Repeater/Range Extender Mode
- Use Client/Bridge Mode to wirelessly bridge any Ethernet only device, such as smart TVs, IP cameras, etc.
- Data transfers up to 1200Mbps
- Supports 802.11ac standards
- Compact design while maintaining excellent performance
- Plugs directly into wall outlet
- Supports Bridge/Client Mode and Repeater/Range Extender Mode
