

DENON

Wireless Speaker - Black

HOME 350

SKU: 26367 UPC: 883795004947

The Denon Home 350 speaker delivers spacious, detailed sound even in a large space, like a family room. Stream from your smartphone with Bluetooth, or access your favorite online music services via Wi-Fi. You can also play music from your computer or just pop a flash drive into the Home 350's USB port. Flexible HEOS Built-in technology makes it all easy.

The Home 350 features six high-quality built-in drivers. Two 3/4" tweeters give you clear highs. Two 2" midrange drivers provide full mids with plenty of detail. And two 6-1/2" woofers deliver strong bass. Each driver is powered by its own Class D amplifier to ensure accurate responsiveness and clean, balanced stereo sound.

Features

- Built-in Bluetooth for streaming music from a smartphone or tablet
- Apple AirPlay® 2 lets you stream directly from an iPhone® or iPad® and ask Siri to play Apple Music®
- Built-in dual-band Wi-Fi for easy and stable connection to your network and the internet
