

Wi-Fi & Bluetooth Upgrade Kit for Assure Locks & Levers

AYR202-CBA-KIT

SKU: 17413 UPC: 81023044622

Upgrade your Yale Assure Lock or Lever to work with the August app. The Connected by August Kit will allow you to lock/unlock, share access and see who comes and goes all using your August app, from anywhere! For ultimate convenience, your Assure Lock will unlock automatically as you approach the door and it will relock once the door is closed! Lock, unlock or check current status with voice assistants including Amazon Alexa, Google Assistant or Siri.

Features

- Upgrade any Yale Assure Lock or Lever to work with the August app
- Lock, unlock, share access, customize lock settings and see who comes and goes from anywhere using the August app
- Lock, unlock and check lock status with voice assistants including Amazon Alexa, Google Assistant and Siri
- Includes DoorSense, a sensor that lets you know if your door is open or closed
- Seamlessly integrates with Airbnb and HomeAway to simplify vacation hosting.
