

## Connect-XT Upgrade for Simon Communicators (Verizon)

Connect-XT-V

SKU: 143382    UPC: 81004499002

**The Alula Connect-XT-V Verizon Communicator** for Simon XT, XTi, XTi-5 panels can Instantly upgrade old Interlogix Simon panels.

Part of the Alula Connect product family, this 4G LTE and 5G cellular communicator quickly upgrades old Simon XT, XTi, XTi-5 panels to the Alula interactive experience, an immediate, universal replacement for obsolete 3G cards installed in the Simon panels. Connect-XT upgrades Simon to complete smartphone control for security, video, and automation.

### Features:

- Upgrade Simon with Alula Interactive control, one smartphone app for security, video, and automation
- Video integration Our powerful communicators can be combined with Alula Video
- Simple installation leave the panel in place to upgrade Simon in five minutes
- 4G LTE & 5G-Compatible, Verizon Network Extended range and future-proof communications
