

Enterprise Low Profile Dome Ant

314407

SKU: 30664 UPC: 811815028086

The White, ultra-slim WILSON ELECTRONICS 4G indoor omnidirectional low-profile dome Cellular antenna is designed for use in buildings and offices. At 9-4/10 in. X 19-7/10 in. And covers all Cellular frequencies. Rated 50-Ohm, this ceiling-mount antenna features 10-in. Low-loss plenum-rated coaxial cable with N-Female connector to be connected above the antenna. This conceals wiring, leading to a subtle look that will make this antenna nearly unnoticeable while still giving you great signal.

Features:

- Up to +7Db gain across all frequencies
- 50ohm
- 600Mhz-2, 700Mhz
- Vertically Polarized
