

Indoor/Outdoor Dome Camera

ADC-VC826

SKU: 129086

The ADC-VC826 is a dome camera that can be utilized in an indoor or outdoor setting. You will use this camera with the Alarm.com Video Services. With these services you can remotely view live footage of your property and get snapshots of still images.

The ADC-VC826 features a 2.8mm F1.6 lens and a 108-degree angle of view which will let you see a good sized area all at once. The ADC-VC826 also has a high-resolution color day image and has a built-in IR cut-off filter to let the camera transition smoothly between day and night modes. In total darkness the camera has night vision up to 98 feet. You can adjust image qualities with the ADC-VC826 including flip brightness contrast saturation sharpness and exposure.

The ADC-VC826 has brilliant 1080p HD image resolution and it records in the H.264 recording format. The camera connects to a router or local network via CAT5 / CAT6 ethernet cable connection. The camera measures 4.4" x 3.2" and has a vandal-resistant outer casing. The casing of the camera is also weather and dust proof as per its IP67 rating. The camera can be used in temperatures ranging from -22 degree F ~ 140 degree F.

Features

- Power over Ethernet (PoE)
- IR Night Vision
- Vandal Resistant
- 1080p HD Video
- IP67 Waterproof & Dust Tight Rating

Specifications:	
Live resolution options	1920x1080, 1280x720, 640x360
Recording resolution	1920x1080, 1280x720
Recording compression	H.264
Image sensor	1/2.8" Progressive Scan CMOS
Lens	4 mm, F1.6
Angle of view	108°
Low-light sensitivity	0 lux with IR
IR range	Up to ~95 feet (30 meters)
Image adjustments	Flip, brightness, contrast, saturation, sharpness, exposure
Ethernet connection	10/100Mbps RJ-45
Operating temperature	22°F - 140°F (-30°C - 60°C)
Operating humidity	< 95% (non-condensing) RH
Max power consumption	12 V DC ? 10%, 5W or PoE (802.3af), 6.5W
Dimensions (DxL)	4.4" x 3.2" (11.1 x 8.2 cm)
Weight	500 g (1.1 lbs.)
Ingress protection	IP67
Impact protection	IK10
