BATT PowerG Wireless Indoor Siren

PG9901 BATT

SKU: 19738 UPC: 88030457

The PG9901 Wireless PowerG Indoor Siren is a fully supervised, cost effective siren that provides differentiated audible and visual alerts in the case of fire, carbon monoxide, burglary and flood events. In addition to providing a loud audible alert, the PG9901 also contains a built-in high-power white strobe light providing a visual alert of the event.

The PG9901 Wireless PowerG Indoor Siren is equipped with a visible signal quality LED indicator that lets the installer choose the optimal location for installation, eliminating the effort of going back and forth to the keypad. All siren configuration settings are handled on the keypad with no need to reopen the device once installed.

Features

- Visible link quality indicator on device
- 110db Siren with Strobe Light
- Siren sounds for Fire, Carbon Monoxide, Burglary and Flood Events
- Long-life lithium batteries
- Battery 7-8 years with 1 battery (Typical use)
- Compatible with PowerSeries Neo, PowerSeries Pro and Qolsys panels
