Nest Smart Thermostat E - White

T4001ES

SKU: 16254 UPC: 813917020609

Its simple design and new frosted display blend into the background. With proven energy-saving features, the Google Nest Thermostat E can help you save from day one. And you can change the temperature from anywhere - the beach, the office or your bed.

Features

- Frosted display -Blends into the background. The Nest Thermostat E fits into any home with a frosted display that won't steal your decor's thunder.
- Remote control - Download the free Nest app for iOS 8 or Android 4 or later. Then you can change the temperature from anywhere - the beach, your office, or even your bed.
- Energy-efficiency - Start saving from day one. Plus, you can check the Nest app to see how much energy you use and why.
- Home/Away assist - Conserve energy when you're away. The thermostat turns itself down after you leave, so you aren't heating or cooling an empty home.
- Wireless connection - Consume less power with a built-in rechargeable lithium-ion battery.
- Compatibility - Upgrade your system. The Nest Thermostat E works with most 24V heating and cooling systems, including gas, electric, forced air, heat pump, radiant, oil, hot water, solar and geothermal.

Weight:	0.8
Length:	2.3 Inches (In)
Width:	4.9 Inches (In)
Height:	6.5 Inches (In)
Hazardous Material:	No
EPA Cert Required:	No
Country of Origin:	CHN
Voltage:	24V
Electrical Connection:	C, R
Electrical Rating:	24V
Power Method:	C, RH, or RC
Batteries Included:	Yes
750mV Compatible:	No
Auto Changeover:	Yes
Built In Wi-Fi:	Yes
Change/Check Reminders:	Yes
