

RA2 Select Main Repeater - Black

RR-SEL-REP2-BL

SKU: 16342 UPC: 784276240222

The Ra2 select main Repeater allows for setup, control, and monitoring of select RadioRA 2 devices and Lutron wireless shades from a smartphone or tablet using the Lutron app.

The Black RA2 Select Main Repeater from Lutron features:

- Supports up to 100 wireless devices (including select RadioRA 2 dimmers and switches, Pico wireless controls, and wireless shades). The main repeater and additional wireless repeaters each count as one device
- Programmed via the Lutron App (available for iOS and Android)
- Scene control via the Lutron App and Pico scene keypads
- Timeclock scheduling of daily events via the Lutron App
- Connects to the Wi-Fi router via an Ethernet connection
- Local device operation will continue to function if internet connection is lost or if the main repeater is powered down or not communicating
- System access from anywhere in the world using the Lutron App
- Control outside the app via widgets (iOS and Android)
- Supports Geo-fencing from the Lutron App
- Control from Apple Watch
- Supports integration with other smart home brands including Amazon Alexa, Google Assistant, Nest, Sonos, and more
- Up to 4 wireless repeaters can be added to extend the range for larger systems
- Automatically programs Pico wireless controls for typical applications and activities or program additional custom scenes using the Lutron App
- Integration with select professional A/V and security systems
- Manufacturer SKU: RR-SEL-REP2-BL
