

8" Countertop/Wall Touchpanel - White

KA8-WHITE

SKU: 66046 UPC: 810065000000

The KA8 touchpanel provides simple intuitive control of the entertainment environment and security systems in residential or commercial settings. The sleek touchpanel features a fully customizable 8" widescreen LCD display with an integrated capacitive touchscreen for swiping through pages and menus. The innovative KA8 is programmable in landscape or portrait mode and comes equipped with sensors to automatically wake the unit and adjust the screen brightness as a user approaches.

Installation is easy using the included wall bracket or an accessory stand is available for table top installations. In addition only one Ethernet connected Cat-5/6 cable is required to power the unit and enable control via the RTI ecosystem.

Features

- 8" widescreen LCD with 1280x800 WXGA resolution and integrated capacitive touchscreen supporting multi-touch and gesture.
- Fully customizable interface can be programmed in portrait or landscape mode.
- Innovative design allows wall mount in dual gang electrical box or table top installation using stand accessory (sold separately).
- Ambient light and proximity sensor adjusts the screen brightness and LED backlights automatically according to the environmental light level.
- Powered by a separate power supply or PoE.
- Gigabit Ethernet with PoE enables powerful two-way control via the RTI control system video from IP security cameras and remote programming updates.
