

30" Plastic Hinged Door

ENP3060

SKU: 7707 UPC: 804428431602

This standalone hinged door is designed to be purchased in the project trim-out phase to complete installation of the structured wiring assembly.

The door attaches easily to the ENP3080 plastic enclosure with provided screws and extra venting to allow for superior heat dissipation.

Features:

- Made with ABS plastic the enclosure is designed to integrate wireless devices without interference.
- Adds 1.2" of depth for cable headroom and 3rd party device compatibility.
- Extra venting along the vertical plane allows for superior heat dissipation.
- Doors stack efficiently for efficient transportation and warehousing.
- Lockable with provided screws.
- Covers drywall hole for clean finish.
- UL listed.
