

## IQ Wireless Z-Wave

QZ2130-840

SKU: 23675    UPC: 869166000008

The IQ Outlet plugs into any standard outlet converting it into a smart home accessory. You can turn On or Off appliances in your kitchen, create “smart” space heaters or plug in fans. The IQ Outlet even acts as a repeater to strengthen the performance of your Z-Wave network.

The IQ Outlet from Qolsys features;

- Plugs into any standard outlet
- Allows control to turn any plug On or Off remotely
- Acts as Z-Wave repeater
- Clean, inconspicuous look
- Set automation rules such as “Turn on at 6am” or “Turn off at 7pm”

The specifications for the IQ Wireless Z-Wave Outlet include:

- Input Power: 120 VAC, 60 Hz
- Max output loading: 900W incandescent, 200W CFL/LED, 0.5 HP motor and 15A, 1800W resistive load
- Radio frequency: 908.4/916 MHz
