Panic Button (Gen 2)

B09NXDQ5YM

SKU: 135016 UPC: 840268996734

Sound the alarm, notify loved ones, and request emergency help when you need it with Alarm Panic Button. You can press and hold the Panic Button for three seconds to sound the siren on your Ring Alarm and alert shared users with notifications from the Ring App. Opt into 24/7 Professional Monitoring with a Ring Protect Pro subscription, sold separately, to notify our monitoring center and request emergency responders when your Panic Button is pressed.

Please note: Requires Ring Alarm or Ring Alarm Pro. A compatible Ring Protect subscription and professional monitoring enrollment is required for emergency response request. Additional permit or false alarm fees may apply depending on your local jurisdiction.

Features

- Requires the Ring Alarm or Ring Alarm Pro.
- Sounds the siren on your Ring Alarm when pressed and held for three seconds.
- Request help from our monitoring team with the press of a button if you're enrolled in professional monitoring, included in a Ring Protect Plan, sold separately.
- Can be placed on flat surfaces or mounted on a wall with the included installation kit.
- 3V lithium battery included.
- Add multiple Panic Buttons around your home for greater accessibility when you need it.
- Save up to \$100 per year on home insurance with a professionally monitored Ring Alarm. (Actual savings vary depending on insurance carrier and policy).
