

IQ Smoke Detector

QS5110-840

SKU: 23666 UPC: 99101238

The IQ Smoke is connected to your IQ Panel and monitored 24-7, whether your system is armed or not. The IQ Smoke detects the presence of smoke using photoelectric smoke-sensing technology and conforms to UL 217. The IQ Smoke detects the presence of smoke particles as well as the rapid rise in heat that can come from a fire, even if there is no smoke. Because your system is always connected, you can receive a text or email alert if there are any problems, wherever you are.

Features

- “Always on” technology ensures the sensor is monitored around the clock, whether your system is armed or not
 - Ultra sensitive smoke sensor prevents false alarms while constantly monitoring
 - Heat sensor detects the rapid rise in heat that comes from a fire - even when there is no smoke (like an electrical fire)
 - Wall or ceiling mounted
 - 3-5 year battery life
-
- Power Source: 3 AAA PC2400 Duracell Procell batteries (1.5V 1100mAh) or 3 AAA Energizer E92 batteries (1.5V 1100mAh) (included)
 - Audible Signal (ANSI Temporal 3): 85dBA min. in alarm
 - Sensitivity: 1.5 - 3.5%/foot
 - Supplementary Heat Rating: 135°F
 - Operating Temperature: 40°F - 100°F (4.4°C - 37.8°C)
 - Relative Humidity: 15 - 90% Non-Condensing
 - Dimensions: Diameter 5" x 2.5"D
 - Regulatory Listing: UL 217
