

Spotlight Cam Plus Battery - White

B09JZ5BG26

SKU: 135013 UPC: 840268938512

Keep an eye on your home with the Ring Spotlight Cam Plus. This security camera records footage in 1080p HD, so you can see every detail clearly. The advanced motion detection captures even the slightest movements, and the pre-roll feature records footage before the event, so you won't miss a thing. The single-band 2.4GHz WiFi offers reliable, uninterrupted connection. Stay connected to your home and keep it safe with the Ring Spotlight Cam Plus.

Spotlight Cam Plus is your protection for any out-of-sight area thanks to color night vision technology, customizable motion detection technology, and a pair of bright, motion-activated lights. Simply mount the wireless camera, adjust the viewing angle, and consider the area covered. Stay powered with a rechargeable battery that swaps in and out without messing with your setup.
