

SONOS

6.5" In-Wall Speaker Pair by Sonance

INWLLWW1

SKU: 159971 UPC: 878269007654

Upgrade any home theater with built-in sound for the TV and more.

Front Row Sound. Targeted sound for home theater. Ideal for focused listening, these in-wall speakers are optimized for Sonos Amp and use Trueplay tuning to deliver bold, immersive sound for TV and more.

Sound Customized to the Space. With Amp, Trueplay accounts size, construction, and furnishings of the room where the speakers are placed and automatically adjusts for the best possible sound.

Designed to Blend In. The specially designed grilles can be painted to match the wall.

Power More with Amp. Power up to three pairs of Sonos by Sonance Architectural speakers with a single Sonos Amp for even more sound coverage.

The Exceptional Sonos Experience. When paired with Amp, these speakers unlock all the benefits of the Sonos system, including an easy-to-use app that works with all the top streaming services, AirPlay control, regular software updates that improve listening, and the ability to add additional Sonos speakers and components to the setup at any time.
