Speaker Stand For Sonos Five & Play:5 Speakers - Black

WSS52-B2

SKU: 134567 UPC: 793795536235

Designed to hold the Sonos Five or Sonos PLAY:5 in either vertical or horizontal orientation, the anodized aluminum design of the Sanus WSS52 places your speaker at optimal listening height while perfectly complementing the modern look of the Sonos Five and Sonos PLAY:5. Available in black or white to match the Sonos Five and as a single stand, the WSS52 fashionably delivers optimum performance, no matter your unique setup needs – Ambient listening, stereo pairing, or surround sound. Updated design that features securement brackets designed to hold the Sonos Five in vertical and horizontal orientations. For a seamless look free of pesky cables, our own Press Fit cable management technology secures cords down the back of the stand for complete concealment. Assembling easily and in only 15 minutes, you'll be enjoying perfect sound from this sleek stand in no time.

Features

- Holds the Sonos Five or Sonos PLAY:5 in either vertical or horizontal listening orientation
- Holds speaker at manufacturer's recommended listening height for optimal audio performance
- Anodized aluminum stand construction provides both durability and style
- Cable-hiding, integrated wire channels provide sleek, cord-free look
