

## IR/RF Universal Remote Control with 2" Color LCD Screen

MX-490

SKU: 141509    UPC: 656787705258

This programmable, handheld remote can directly control numerous IR devices in the home. The vibrant 2" color LCD screen, as well as the remote buttons, light up for easy use. Ultra-reliable narrow band RF with a compatible Complete Control® base station, like the MRF-350 and MRF-260, the MX-490 controls integrated A/V components through walls and cabinet doors, or even from outside. With base station, there is no need to point the remote control at components or even be in the same room. The MX-490 is capable of learning IR commands from another remote.

### Features
