

## Wi-Fi Smart Mailbox Sensor - White

B08FBLXDND

SKU: 62932    UPC: 840080554952

Know when mail arrives or someone opens your mailbox. When Mailbox Sensor detects motion, you'll get a real-time alert in the Ring App or via connected Alexa-enabled devices. It can also tell your Ring Smart Lighting, Cameras, and Doorbells to turn on—helping to light up your yard and record what's happening.

### Features

- Get alerts — Ring Mailbox Sensor is a battery-powered motion sensor that sends you real-time notifications via the Ring app when your mailbox opens.
- Stay online — Mailbox Sensor connects with Amazon Sidewalk out of the box, You do not need a hub device like Ring Bridge or Alarm Pro Base Station (sold separately) if your Mailbox Sensor is using Amazon Sidewalk to connect.
- Works with Alexa \*—\* Connect Ring Mailbox Sensor to an Alexa-enabled device and Alexa will notify you when your mailbox has been opened.
- Pair with other devices \*—\* Link with Ring Smart Lighting, Cameras, and Doorbells to turn on and start recording when the sensor detects motion.
- Customize your security \*—\* Adjust the motion sensitivity in the Ring App to fit your home.
- Up to 3 years of battery life based on usage of AAA batteries included with device; Actual battery life may vary depending on different AAA batteries, device settings, usage, environment, and other factors.
- Mailbox Sensor connects with Amazon Sidewalk out of the box, You do not need a hub device like Ring Bridge or Alarm Pro Base Station (sold separately) if your Mailbox Sensor is using Amazon Sidewalk to connect.
- Amazon Sidewalk coverage in your area may vary and is subject to change or interruption; To check the approximate Amazon Sidewalk coverage in your neighborhood.
- Your Ring videos in the cloud are stored temporarily, up to 180 days, Changing your video storage time will only affect videos that are recorded after you adjust your storage time setting, Check Ring Protect Subscription Plans for more information.
