

## Single Room Training Kit

SRTK-1

SKU: 130931    UPC: 81006499117

The SRTK-1 Single Room Training Kit is designed for integrators getting started with RTI.

The kit delivers exceptional control and automation of AV and music streaming in a media room or other single-room environment, and the system can expand to control lighting, climate, security, and more.

The SRTK-1 kit combines the power of the XP-3 control processor and the streaming convenience of the MS-1 Music Streamer with the vibrant, fully customizable graphical interface of the T2x touchscreen remote control for exceptional control in multiple environments. The included RTiPanel unlimited license enables control via Apple or Android smartphones or tablets.

And since this is an introduction to RTI, the Kit also includes some RTI-branded "welcome" accessories (cap, tumbler, laser pen).

### Included in the box:

- 1 x XP-3 Advanced Control Processor
- 1 x MS-1 Music Streamer
- 1 x T2x 2.8 Touch Screen Remote Control
- 1 x XP RTiPanel Unlimited User License
- 3 x vIRsa Mouse Infrared Emitter
- 1 x RTI Cap
- 1 x RTI Insulated Tumbler
- 1 x RTI Laser Pen

### Details:

- Training Kit for new dealers, synchronized with the RTIEXCEL C101 - New Dealer Authorization Training.
- All-in-one single room control and audio streaming solution.
- Robust XP-3 processor with Ethernet, RS-232, Infrared, Relay, I/O and Voltage Sensing ports.
- MS-1 Music Streamer with analog and digital audio output.
- Reliable two-way control communication via Zigbee between processor and remote.
- T2x touchscreen remote with hard buttons for intuitive, convenient control. Docking Station included.
- Licensed RTiPanel App allows control with iOS or Android smartphones and tablets.
- Fully customizable graphical user interface and programmable hard buttons with two-way feedback.
- Configurable macros and scenes through the Integration Designer programming platform
- Kit comes with "Welcome to RTI" Items: RTI Cap, an RTI Insulated Tumbler, and an RTI Laser Pen. (Item selection subject to change.)
