

PR-RMS1 2040 Joule Surge Module

PR-RMS1

SKU: 131923 UPC: 08642941631

The effectiveness of a surge protector weakens with every single surge. Instead of leaving your devices vulnerable or replacing the entire system any time it takes a hit, the replaceable surge protection modules (MOVs) allow you to replace just the modules.

The MAVBase app lets you see the remaining life (Surge Mileage) so you can monitor the condition of the MOVs and schedule servicing to replace as needed.

Features

- 2040 Joule Rating
- Compatible with: PR-13PI and PR-V7PI
- Replaceable
- Keyed to stop incorrect installation
- Status LED
