PoE 6 CI Ceiling / Wall-Mountable WiFi 6 Access Point

T011111

SKU: 133678 UPC: 840268991494

eero PoE 6 is eero's first ceiling/wall-mountable Wi-Fi 6 access point. eero PoE 6 is a Wi-Fi 6 PoE access point that can provide up to 2,000 square feet of coverage. It can support 100+ devices. It supports 160 MHz channels and wireless speeds up to 1.5 Gbps, and can go almost anywhere ethernet cable can be pulled—making it easy to flush-mount to ceilings and walls giving you optimal wifi coverage.

Because it utilizes Power over Ethernet cables, eero PoE 6 doesn't need a separate power supply. It can be easily attached to a ceiling or wall to maximize wifi coverage throughout your home.
