SKU: 142606 UPC: 887277000000

Turn every seat in the house into the best seat with the bold contrast, dramatic sound and vibrant colors that are 30% brighter boosted by tiny Quantum Dots. Watch as ordinary content is transformed into mesmerizing colorful 4K pictures thanks to powerful AI processing technology. The powerful Dolby Atmos audio will put you in the action.

You'll see your favorite movies, games, and more in a whole new light thanks to the mesmerizing picture quality across a full range of gorgeous colors. Plus, with pure blacks and more than a billion shades of color powered by QD technology, combined with 8.3 million self-illuminating pixels (ultra-fast switching tiny lights) reveals virtually limitless contrast.

With an impossibly slim and sleek profile, this TV is a straight stunner. Hide cable clutter and enjoy a larger screen experience with Samsung's Infinity One Design with Slim One Connect.
