

Home Theater DLP Gaming Projector

LX-NZ30B

SKU: 141835 UPC: 046838502002

JVC LX-NZ30 4K/HDR projector boasts low latency and support for frame rates up to 1080p/240Hz. What's more, it uses a new high power BLU-Escent laser light source that delivers 3,300 lumens and is rated for 20,000 hours of operation. Both HDR10 and HLG formats are supported, with automatic picture mode selection. These features and capabilities make the new LX-NZ30 an ideal projector for high frame rate gaming and home theatre, in either a dedicated environment or in rooms with higher ambient light.

Manufacturer two-year parts and labor warranty.

*Note: This projector should be paired with a 16 x 9 aspect ratio and a frame (ideally 2+-inches). It is not recommended to pair any DLP projector with a zero-edge screen as it may product an overscan.

Features

- 4K UHD (3840 x 2160) Display
- 3300 Lumen Light Output
- Up To 20,000 Hours Long Lamp Life
- 1.6x Manual Zoom Focus Lens
- BLU-Escent Laser Diode Light Source
- Dynamic Dimming Control

Resolution	4K
Pixel Resolution	3840 x 2160
Laser Life (Hours)	20,000
Brightness (Lumens)	3300
Vertical Lens Shift	+/-60%
Light Source Type	BLU-Escent laser diode
Horizontal Lens Shift	+/-36%
Projection Distance	60" – 200"
Projection Lens	1.6x manual zoom focus lens, f = 14.3 ~ 22.9 mm, F 1.809
Zoom	1.6x
Zoom Type	Manual
Number of HDMI Inputs	2
Input(s)	2 x HDMI (HDCP 2.3), 1 x DisplayPort (1.2a), 1 x USB
Output(s)	1 x USB Type A (Power Supply 5V/2.5A), 1 x Triggers (Mini Jack, 12V/0.1A)
Maximum Projected Screen Size	200"
Power Consumption (Standby)	0.5W
Power Consumption (Max)	360W
Unit Weight (lbs.)	13.01
Dimensions (H x W x D)	13.06" x 15.88" x 5.75"
