4MP ColorVu DeepinView 4MP Outdoor IP Dome Camera w/ Heater

iDS-2CD7547G0/P-XZHSY

SKU: 143402 UPC: 842571000000

Monitor an indoor or outdoor area with the ColorVu DeepinView 4MP Network Dome Camera from Hikvision. This unit uses a 1/1.8" progressive scan CMOS sensor to capture 2688 x 1520 resolution video at 60 fps. Supplemental IR and white light provide up to 98' of illumination for recording full-color video in low-light conditions. The camera's 2.8 to 12mm varifocal lens delivers a 104.2 to 44.1° horizontal field of view. Two-way audio is possible thanks to two built-in microphones and a speaker, along with an audio input and output. A memory card slot accepts microSD/SDHC/SDXC cards up to 256GB (available separately). Integrated PoE technology simplifies connectivity by enabling the transfer of power and data through a single cable.

This camera complies with ONVIF profiles G, S, and T, making it compatible with a wide range of surveillance devices. It is housed in an IP67-, NEMA 4X-, and IK10-rated aluminum enclosure for outdoor use in areas at risk of vandalism. An integrated heater ensures the camera will be operational in temperatures as low as -40°F.

Features

- 2688 x 1520 Resolution at 60 fps
- 98' of IR & White Light Illumination
- 2.8-12mm Varifocal Lens
- 104.2 to 44.1° Horizontal Field of View
- Two-Way Audio
- microSD Slot Supports up to 256GB
- RJ45 Ethernet Port with PoE Technology
- Complies with ONVIF Profiles G, S & T
- IP67 & NEMA 4X Rated for Outdoor Use
- IK10-Rated Vandal Resistance
