

Indoor Cam Plug-In (2nd Gen) (2023) - Black

B0B6GJBKRK

SKU: 150132 UPC: 840268948733

Versatile protection and personalized peace of mind. That's Indoor Cam (2nd Gen). Get the whole picture in real time with 1080p HD video and Color Night Vision, right from your phone. Or keep the picture private by using the manual, removable Privacy Cover to turn off audio and video with a simple swivel. Indoor Cam includes an adjustable camera mount—and can plug in wherever there's a power outlet—making it easy to find the perfect view up high or down low.

Features

- **Feel Secure:** Watch over your home day or night in 1080p HD video with Color Night Vision.
- **Advanced Pre-Roll:** Record a few extra seconds before every motion event with Advanced Pre-Roll to get a more complete picture of what happened.
- **Communication:** See, hear, and speak in real time with Two-Way Talk and Live View.
- **Real-Time:** Get real-time alerts when the camera detects movement—and choose exactly what your camera covers so you only get notified about movement that matters.
- **With Siren:** Sound off your powerful siren from the Ring App—whether you're scaring off intruders or breaking up a cat fight.
- **Flexible Placement:** Find the perfect angle on a table—or mount up high with the flexible swivel mount. Indoor Cam is plug-in, making it easy to move where you need it.
- **Privacy:** Turn off your camera and mic with the manual Privacy Cover, then reactivate with a simple swivel.
- **Control View:** Control what your cameras can see or record by blacking out off-limits areas, such as the bathroom door, your work desk, or a neighbor's window.
- **Ring Protect Plan:** Save and share video and photos with an optional Ring Protect Plan (subscription sold separately).
- **Additional Ring Devices:** Link with other Ring devices, allowing them to activate when Indoor Cam detects movement for additional security, recording angles, and more.
- **Alexa:** Works with Alexa so you can hear audio announcements when motion is detected.
