

WiiM

Pro Audiophile Grade Music Streamer

ASR002

SKU: 156203 UPC: 19685214982

Stream Like a Pro

Experience your favorite music like never before with WiiM Pro's exceptional audio quality. Engineered with audiophiles in mind, this streamer delivers studio-grade sound reproduction, preserving every nuance and detail of your tracks. From soaring highs to resonant lows, immerse yourself in a sonic landscape that mirrors the artist's intent.

Play music from everywhere with multi-room audio. Easily build your multiroom sound system with your existing AirPlay 2 speakers, Amazon Echo, and Google Home devices. Using your legacy audio devices, you can create a more flexible multiroom sound system with multiple WiiM Pros, WiiM Minis, or Linkplay-powered devices. WiiM Pro supports multiroom from various audio source inputs, including WiFi, BT, Aux, and SPDIF input, making it versatile with almost every music listening option.

Features

- Audiophile Grade Music Streamer
- AirPlay 2 - Stream audio from iPhone, iPad, Mac computer or Apple TV to one or multiple audio devices at the same time. Use Siri on your phone or HomePod to control music selection, volume, and playback.
- Chromecast Audio - Stream music, TV audio, radio station, podcast and local content from Chromecast-enabled apps to one or multiple audio devices at the same time. Use Google voice assistant in your phone, speaker and TV to control music playback.
- Gapless Playback Hi-Res 192 kHz, 24-bit Music
- Spotify Connect, TIDAL Connect & Amazon Music Casting
- Works With Alexa, Google Voice & Siri
- Agnostic Multiroom Streaming - WiiM Pro lets you stream music throughout your home via almost every your smart speaker including Apple AirPlay 2, Google Chromecast, Amazon Alexa or our own multiroom function.
- Music Alarm and Sleep Timer
- 10-band graphic EQ and parametric EQ - Cater to your listening taste by applying multiple EQ options including the 26 preset EQs, bass/treble adjustment.
- Premium Hi-Fi DAC
- 12 V trigger - 2.5 mm port to connect cable with your amplifier to automatically turn it on or off.

All your content in one app

Turn any audio gear smart

WiiM Pro is an audiophile-grade music streamer with AirPlay 2, Chromecast, DLNA, Spotify Connect, TIDAL Connect, Alexa Cast, Roon Ready, and multiroom audio. WiiM Pro turns your existing stereo system into smart, so you can play all your favorite music from your music service App, the WiiM App, or your voice using Alexa, Google Voice, or Siri all in the highest possible sound fidelity.

Play music everywhere with multi-room audio

Easily build your multiroom sound system with your existing AirPlay 2 speakers, Amazon Echo, and Google Home devices. Using your legacy audio devices, you can create a more flexible multiroom sound system with multiple WiiM Pros, WiiM Minis, or Linkplay-powered devices. WiiM Pro supports multiroom from various audio source inputs, including WiFi, BT, Aux, and SPDIF input, making it versatile with almost every music listening option.

All music in one App

It's more convenient than ever to control your music and device in one place. With the WiiM Home app, easily browse all your favorite music without jumping to other music apps. Amazon Music, iHeartRadio, TIDAL, TuneIn, Napster, Deezer, and Qobuz are all integrated into the WiiM Home app. You can also control the device EQ, set music alarms, and create personalized routines using the WiiM Home app.

AirPlay 2

WiiM Pro turns your stereo into an AirPlay 2-enabled receiver. Stream your favorite music from your iOS and Mac devices or stream TV audio from Apple TV. Use Siri on your phone or HomePod to control music selection, volume, and playback. WiiM Pro is an easy and affordable way to connect your Apple devices to your favorite audio equipment at home.

Works with Voice

Ask Alexa, Siri or Google Voice to control your WiiM Pro to play music, listen to news, or your favorite podcast with voice assistants in your phone, HomePod, Echo or Google Home devices. Automate WiiM Pro with other smart home devices by creating routines in the Alexa App, Apple Home or Google Home App.

Spotify Connect and TIDAL Connect

Use your Spotify or TIDAL app as your remote control for WiiM Pro and stream directly from these services. WiiM Pro provides higher audio quality and longer operational work range longer than traditional Bluetooth or AirPlay 2 receivers and frees your mobile device for other tasks. Spotify works for both Spotify Free and Premium users. TIDAL works for both HiFi and Master Quality.

Premium Hi-Fi DAC

WiiM Pro features a high-precision, low-jitter Burr-Brown PCM5121 DAC and supports up to 384 kHz/32-bit audio with 106 dB SNR. With a much larger bandwidth and more reliable connection provided by dual-band Wi-Fi than Bluetooth, WiiM Pro is a true Hi-Res streaming DAC device.

10-band graphic EQ and 26 preset EQ

Twenty-six preset EQ gives you various choices to meet your specific listening needs. The preset EQ includes EQ choices from music genres, bass/treble adjustment, loudness, movie, gaming or speech enhancement etc. You can also custom your own with the 10-band graphic EQ for your room or taste.
