Real-life images, positional audio, and an array of smart features come together to make the BRAVIA XR X90L 4K HDR Smart LED TV from Sony the center of the home entertainment experience. Movies, TV, and games benefit from Sony's Cognitive Processor XR and full-array LED backlight, which deliver local dimming, boosted contrast, and more, delivering lifelike and immersive 4K content. Sound is upgraded with precise positioning that matches the image on screen, and gaming is enhanced with its own HDR and Game Mode settings. Discovering new games, movies, and shows is easy with built-in Google TV and BRAVIA CORE, and the entire package is wrapped in an eco-friendly, minimalist design for a more immersive experience.

Features

- The Cognitive Processor XR delivers a picture with wide dynamic contrast and natural colors, replicating how we see the real world.
- Deep black, high peak brightness, and billions of accurate colors with Full Array LED and XR Triluminos Pro.
