1-Gang Smart Dimmer Switch

BHS120US-BK1

SKU: 31887 UPC: 855591000000

Remotely dim and control your home's lights from anywhere with the white BHS120US Smart Dimmer Switch from Brilliant. This dimmer switch uses Bluetooth Low Energy and requires a Brilliant Control device (available separately) for connectivity. Once the switch is installed, you'll be able to set schedules, timers, and preset lighting scenes with the Brilliant app for iOS and Android. For additional convenience, the switch is compatible with Amazon Alexa and Google Assistant for seamless voice-activated control. A neutral and ground wire are required for operation.
