

PowerG In-Wall Dimmer Switch

IQDMR-PG

SKU: 146888 UPC: 7290109985541

Provide new smart home offerings with leading wireless security technology to your customers to help drive more revenue for your business. Reliable smart home automation connectivity optimizes home comfort and energy efficiency supported by the end user's security system. Proven PowerG technology provides a stable, secured smart home communication network which helps to eliminate the configuration hassle and reduce truck rolls. Military-grade PowerG wireless radio communication enables enhanced encryption for data transmission at long distances.

Features

- Increased product portfolio
- Smart Home integration
- Less hassle
- Increased peace of mind
- Frequency range 912-919 MHz
- Communication protocol, PowerG
- Power Supply 120V at 60 Hz
- Maximum current 1.67A
- Terminal block connection, wire gauge 16-10 AWG

Frequency range	912-919MHz
Communication Protocol	PowerG
Power Supply	120V at 60Hz
Maximum Load	Incandescent 200W, CFL/LED 100W
Standby Power Consumption	<1W
Maximum Current	1.67A
Wiring	Terminal block connection, wire gauge 16-10 AWG
Humidity	0% to 85%, non condensing
Operational temperature	0°C to 40°C or 32°F to 104°F
Storage temperature range	-20°C to 60°C or -4°F to 140°F
Device weight	137G
