

RACK

8 Space Wall-Mountable Skeleton Rack

SK8

SKU: 160788 UPC: 81993201348

Introducing the RACK SK8 Wall-Mountable Skeleton Rack, the perfect solution for maximizing space efficiency and organizing essential equipment. Designed with versatility and durability in mind, this skeleton rack is a reliable storage solution that can be easily mounted on the wall.

The RACK SK8 features a compact and stackable design, allowing one to create a customized storage configuration by stacking multiple RACK skeleton racks together. This modular design ensures flexibility in accommodating growing equipment needs while optimizing space utilization.

Its sturdy construction guarantees stability and protection for valuable gear. The skeleton-style design provides easy access to cables and equipment, simplifying installation, maintenance, and troubleshooting tasks.

The RACK SK8 is designed to work seamlessly with the SK-SWING Swing Arm Wall Mount. This combination offers unparalleled flexibility and convenience, allowing one to pivot the skeleton rack in any direction for easy access to the equipment. Whether the user needs to make adjustments, connect cables, or perform routine maintenance, the SK-SWING ensures quick and hassle-free accessibility.
